

KAMRAN KHAN

Senior HR Leader · People Strategy · Transformation · Business Partnering

Dubai, UAE | +971 54 998 4315 | kkamran.khan99@gmail.com | [linkedin.com/in/kkam](https://www.linkedin.com/in/kkam) | [kamran-hr.github.io](https://github.com/kamran-hr)
SPHRI Certified (HRCI) · MBA + XLRI PG Diploma · 13+ Years · 6 Countries · 10,000+ Employees · CXO / Board Partner

EXECUTIVE SUMMARY

SPHRI-certified senior HR leader with 13+ years shaping and executing people strategy for high-volume, multi-country operations across retail, healthcare, e-commerce, insurance and industrials in the UAE, GCC and Asia. Operates at Director-level scope — reporting to the Chairman of a 5,000+ employee group, leading an 18-person HR function, and partnering CXO and Board stakeholders — while remaining as effective in execution as in strategy. Track record of measurable, enterprise-level impact: AED 7.2M in annualized workforce savings, attrition reduced from 35% to 10% in eight months, 105% Emiratisation compliance, and three HRMS platforms shipped across six countries. Breadth spans the full people agenda — talent acquisition, HR business partnering, organizational development, employee experience and engagement, HR technology and HR analytics — underpinned by deep UAE labour-law and multi-jurisdiction compliance expertise. A rare HR leader who not only sets people strategy but builds the tools and analytics that deliver it.

CAREER HIGHLIGHTS

- **AED 7.2M** in annualized workforce savings via an automated, demand-based deployment model across 600+ stores — eliminating the FTE requirement, not the people.
- **Attrition 35% → 10% in 8 months** through data-led retention architecture, career programs and targeted engagement.
- **6-country HRMS transformation in 7 months** (Darwinbox, 7,000+ employees) — big-bang go-live, 90% adoption in 3 months, 43% SLA efficiency gain.
- **105% Emiratisation compliance** (and 100% GCC nationalisation) sustained across multiple businesses, exceeding regulatory targets.
- **Site rampdown 1,500 → 250 with zero ER incidents** through a high-risk transition — on schedule, holding the line against leadership pressure to pause.

LEADERSHIP IMPACT BY DOMAIN

Talent Acquisition

- **ALFA Adaptive Labor Model (Amazon):** designed a flex-workforce model over a 4-vendor ecosystem with SLA-linked payout slabs and a vendor-built slot app — 100% hiring-SLA adherence at peak, attrition <2.5%, absenteeism 5–9% (lowest in region). Adopted as a regional reference.
- **Process redesign (Life):** rebuilt frontline hiring (Grow With Life) — 250 applicants to 50 shortlists plus 70 ramp-up candidates the old process would have lost, in 3 months versus 6.
- **GCC talent acquisition (Landmark):** led corporate, retail and warehouse hiring across the GCC — 20% reduction in time-to-hire; built campus pipelines and employer brand.

HR Business Partnering

- **CXO & Board partnering:** trusted advisor to the Chairman and executive teams on talent strategy, workforce planning and organizational effectiveness across multi-country operations.
- **High-stakes ER & change (Amazon):** led a 1,500 → 250 site rampdown with zero ER incidents, managing community risk and layoff governance; pushed back on leadership to keep the transition on schedule.
- **Employment-law judgment:** mitigated a fine for Amazon under the Workmen's Compensation Act — took the case directly and delivered an outcome materially better than the indicative penalty.

Organizational Development & Design

- **Talent & succession architecture:** built multi-tier programs — Chairman's Club and Leaders for Life (succession) at Life; STEP UP (400+ future supervisors) and LEAP across 7 GCC markets at Landmark — lifting high-potential retention 8–18%.
- **Capability recovery:** designed “Transformers,” coaching + L&D for ~200 under-target employees, instead of defaulting to performance exits.

- **Structural design:** designed integrated org structures and standardised roles across five markets (Noon), improving role clarity and cross-functional delivery.

Employee Experience & Engagement

- **Service-delivery model (Life):** built a ticketing-based Employee Support Centre spanning the lifecycle — 35% faster query resolution and enterprise-wide experience visibility.
- **Engagement & culture:** 20% satisfaction improvement and 15% engagement uplift across the GCC retail network (Landmark); +15–20% engagement and a Childcare Benefit Program at Amazon.
- **Inclusion:** championed DEI initiatives delivering a 10% increase in organizational diversity (Amazon).

HR Technology & Digital Transformation

- **6-country HRMS + payroll (Noon):** led a big-bang Darwinbox go-live for 7,000+ across six markets in 7 months, personally owning the Darwinbox–RAMCO payroll integration (no API path, country-by-country field mapping) — 90% adoption, 100% manager self-service.
- **Rapid digital build (Acko):** implemented BambooHR end-to-end in 3 months at a high-growth InsurTech.
- **Builder, not just buyer:** ships HR tooling personally — auto-rotating pharmacist roster (Excel/VBA), offer-letter automation (Apps Script), interview-scheduling portal (SharePoint), and workflow automation — a rare capability at HR-leadership level.

HR Analytics

- **Decision-grade dashboards:** built Power BI workforce dashboards (attrition, diversity, budget) for leadership at Landmark and real-time per-store labour-cost analytics at Life, embedding insight into Chairman/CXO decisions.
- **Predictive retention:** built an attrition Early-Warning System (Amazon) flagging at-risk employees from leading indicators — shifting attrition management from reactive to proactive.

Emiratisation & Multi-Country Compliance

- **Regulatory outperformance:** 105% Emiratisation at Life and 100% nationalisation at Landmark; bespoke Emirati development program cut Emirati attrition 9%.
- **Multi-jurisdiction depth:** hands-on across UAE (Federal Decree-Law 33/2021, EOSB, WPS, ILOE, MOHRE, free zones), KSA (Saudisation/Nitaqat), Egypt, Sri Lanka, India and China.

PROFESSIONAL EXPERIENCE

Senior Manager HR | Life Healthcare Group · Dubai, UAE

Jul 2025 – May 2026

People strategy for a 600+ store healthcare/pharmacy group (5,000–10,000 employees), reporting to the Chairman; led an 18-person function across HRBP, OD, TA, C&B, HR Technology, Analytics and Shared Services.

- Delivered AED 7.2M annualized savings via an automated deployment model; cut attrition 35% to 10% in 8 months; achieved 105% Emiratisation compliance.
- Built the Employee Support Centre (+35% query response) and a three-program talent architecture (Grow With Life, Leaders for Life, Chairman's Club).
- Embedded HR analytics and dashboards into the HRMS for real-time, Chairman- and CXO-level workforce decisions.

Senior Manager HR | Home Centre, Landmark Group · Dubai, UAE

Jan 2023 – Jun 2025

HR strategy for a multi-country GCC retail business (~3,000–5,000 employees, ~100 stores) across UAE, KSA and the wider GCC.

- Delivered 100% GCC nationalisation; bespoke Emirati development program reduced Emirati attrition 9%.
- Built a multi-tier talent suite (STEP UP, LEAP, Transformers) across 7 markets; 15% engagement uplift, 12% lower turnover.
- Drove GCC manpower planning (10% cost efficiency), TA (20% faster time-to-hire) and Power BI leadership dashboards.

Senior Manager, People Experience | Noon · Dubai, UAE

Mar 2022 – Jan 2023

HR operations and transformation for 7,000+ employees across UAE, KSA, Egypt, India, Sri Lanka and China.

- Led a 6-country big-bang Darwinbox HRMS go-live in 7 months (incl. the RAMCO payroll integration) — 43% SLA efficiency gain, 25% less manual work, 90% adoption.
- Restructured HR Shared Services (backlog eliminated) and standardised performance management and org structures across all markets.

Site HR Lead (HRBP) | Amazon · India

Jun 2020 – Mar 2022

HR leadership for a 1,500+ employee fulfilment operation.

- Designed the ALFA Adaptive Labor Model (7.5% variable-cost reduction, adopted globally); executed a 1,500 → 250 rampdown with zero ER incidents.
- Championed DEI (+10% diversity), launched Interactive Success Profiles (+25% career-planning discussions) and a Childcare Benefit Program.

Deputy General Manager HR | Acko General Insurance · India

Mar 2019 – Jun 2020

- Implemented BambooHR in 3 months (full digital HR build); launched the Alpha Club HiPo program (+25% retention) at a high-growth InsurTech scale-up.

HR Business Partner | Amazon · India

Jul 2016 – Mar 2019

- Lifted engagement +15%; built an attrition Early-Warning System adopted across global Amazon operations; reduced executive escalations through new ER mechanisms.

Assistant Manager HR | Coal India Limited · India

Mar 2013 – Jul 2016

- HR operations, employee and industrial relations (ALC/RLC representation) and performance-management digitisation (25% efficiency gain) at a large public-sector industrial enterprise.

EXECUTIVE & BOARD ENGAGEMENT

Chairman-reporting people strategy and Board-level workforce insight (Life Healthcare); CXO and business-leader partnering across every role; Chairman-sponsored leadership development (Chairman's Club); founder/CXO-mentored HiPo programs (Acko); and layoff and ER governance through high-risk transitions (Amazon).
